

Expert guidance, faster care,
less stress — all through
your Lantern membership

This call could change everything for your cancer care.

How it Works?

- 1. Call Lantern at any stage.** Your Oncology Nurse Navigator learns about your diagnosis, treatment needs and goals.
- 2. Choose the right specialist.** Access highly experienced oncologists and treatment centers close to home whenever possible.
- 3. We handle the details.** From second opinions to scheduling, travel, and follow-up, you focus on your health — not the logistics.

Why Call Lantern?

- **Faster access to care:** Avoid long waits and start the right treatment sooner
- **Top cancer specialists:** Oncologists with deep expertise in your diagnosis
- **Personalized guidance:** Support from your first call through treatment and beyond
- **Employer-sponsored:** Part of your health plan at no cost to you

“Claudia, Oncology Nurse Navigator, got everything going and really helped facilitate my treatment. It’s such a nice feeling having that extra support system.”

— Donna, Lantern Member

Coverage Highlights

Lantern can help with:

- Second opinions from top specialists
- Coordinating care across doctors or locations
- Travel and lodging support when care is far from home*
